

## Southeast Regional Service Commission/Eco360 Covid-19 Service Update

**Moncton, May 28, 2020** – Eco360 and the Southeast Regional Service Commission are pleased to announce that the Recycling and Composting facilities are now back in operation! We ask that you sort your bags properly according to the Sorting Guide and place them curbside consistent with your regular collection schedule.

“It was important for us to get up and running as quickly as possible while providing a safe environment for our staff and customers” said Gerry Gogan, Chair of the Southeast Regional Service Commission. “People in our region have remained positive throughout this whole situation - we would like to thank everyone for their cooperation and patience during these trying times.”

Additionally, as we are taking a step-by-step approach to our reopening, the waste management site in Berry Mills (100 Bill Slater Dr.) will be returning to its regular hours of operation as of June 1<sup>st</sup> and the Mobile Eco-Depot events will restart on June 17<sup>th</sup> in Memramcook.

Please be aware that there could be longer than usual wait times due to physical distancing requirements and the usual spring-cleaning season, so we ask for your patience as we try to keep staff and visitors safe. For operating hours, the Mobile Eco-Depot calendar, and pricing details, please visit [eco360.ca](http://eco360.ca). We encourage residents to download the Eco360 app as changes to our operations will be posted to the app as they are made.

We thank you for your patience and understanding in these difficult times and will endeavour to keep residents of the region informed of any operational changes, as necessary.

We are also open to questions by phone and email Monday to Friday 8:30 a.m. to 4:30 p.m. at 506-877-1050 or [reception@nbse.ca](mailto:reception@nbse.ca).
